

## Station Solo Highlights

- High-res display for merchant
- Integrated LTE for primary or fallback connectivity
- Our new high-speed printer that's fast and efficient

## A high-performance POS built for business & payments.

Accept payments and run your business with a flexible, all-in-one point-of-sale system. Station Solo offers the power you need to process customer payments, print receipts, track sales transactions, and run Clover's software to manage your business.

### Large, Versatile Display

The 14" high-definition makes your work fast and easy, from inventory and employee management to payments and reporting.

### Multi-Layered Security

Station Solo gives you fingerprint login for enhanced employee security and end-to-end encryption of every transaction to help protect customer data, and your business.

### Custom Orders Done Right

Create custom orders quickly and accurately. Adjust a menu item, add or remove optional ingredients and modifiers, and automatically update the order total.

### Speed, Power, Reliability

Station Solo packs plenty of processing power to help you run your business faster: update inventory, manage your staff, take orders, and pull reports. Now with an even faster CPU and more RAM.
